Cali (Female Kitty)

Hi, my name is Cali, and I'm a kitten. Well, I guess you already knew that. Let me let you in on a secret. I'm in love with Tab, but sometimes he's just so stubborn, even for a kitten. But I'm getting ahead of myself. Let me tell you more about myself.

I'm nine months old, and I've never been outside. Yeah, I'm an indoor kitty. Maybe that's why I like Tab. He's been outdoors his entire life. Oh, here I go, raving about him again. Let's see, I play with yarn, I'm too young for catnip, I prefer milk over water, and I like food out of a can.

Geez, that sounds like a dating profile. Anyway, I'm on my way to see Tab. He says he has something he wants to show me. I wonder what it could be? I'm scared as this is my first time leaving my house. What dangers await me out there?

Tab (Male Kitty)

I'm the one and only Tab. I've been on my own ever since I can remember. I'm 11 months old. I don't know what the inside of a building looks like. I don't have a human feeding me. Everything I got, I got on my own.

It hasn't always been bad, though. There's this kitty that I kind of like. Her name is Tab. She'd have a better shot with me, but she's too darn nice. I bet you that's why she likes me. I'm a bad kitty.

Anyway, I'm on my way to see her. I have a big surprise for her. I don't know what to expect being indoors for the first time since birth. Oh, one more thing, aren't I the prettiest kitten you've ever seen? All of those other cats, Narfield, Briarcliff, Tim Cat, have nothing on me!

K. Mirror (Villain)

I'm K. Mirror, and I'm 100% against Cali and Tab being together. I mean, look at Cali for starters. All she does is think about Tab. What kind of kitty does that? She should be honing her skills as a mouse hunter, but nooooo. It's Tab this and Tab that. Well, wait until you see what I have in store for her!

And don't get me started on Tab. I'm surprised he has feelings for Cali since he's so in love with himself. Maybe he should marry himself like that basketball guy did back in the '90s. Tab thinks he's so tough, but he doesn't know what tough is. Until today!
